HAMP PROVIDES POWERFUL ADVANTAGES

The centerpiece of MHA is the Home Affordable Modification Program (HAMP). HAMP is designed to reduce your monthly mortgage payments, making them more affordable and more sustainable. HAMP offers homeowners a number of benefits:

- Homeowners typically save about \$500 each month on their payments.
- Most HAMP modifications feature lower interest rates and many homeowners receive some form of principal reduction.
- Through HAMP, just for making your mortgage payments on time, you could earn up to \$10,000 in principal forgiveness — \$1,000 per year for the first five years and a \$5,000 onetime payment in year six. After year six you may be eligible to re-amortize your reduced mortgage balance to further lower your monthly mortgage payment.
- Now, you can use HAMP to get help with a primary residence or rental property.

STEP 1:
LEARN ABOUT YOUR OPTIONS.

For more information on HAMP and other programs designed to provide mortgage help, visit MakingHomeAffordable.gov. If your mortgage is owned, insured, or guaranteed by Fannie Mae, Freddie Mac, FHA, VA, or USDA, ask your mortgage company which solutions will work best for you.

STEP 2:
GET YOUR FINANCIAL INFORMATION IN ORDER.

Your mortgage company will ask for personal and financial information in order to determine what kind of help they can offer you. Always provide a copy of the most current version of anything requested, and provide it in a timely manner. Your requirements may vary, but be prepared to present the following:

- Evidence of the cause of your mortgage trouble.
- Income documentation, including your two most recent pay stubs or your Profit & Loss Statement (if self-employed) showing your year-to-date income.
- Information about your expenses, including any other mortgages on your home.
- Documentation of your assets, including your two most recent bank statements.

STEP 3:
CONSULT A HOUSING EXPERT.

With so many financial terms and a process that can be complicated, you would benefit greatly from the help of a professional. Let an expert from a HUD-approved housing counseling agency guide you through the process; help you prepare needed documents and forms; facilitate the dialogue between you and your mortgage company; and in many cases, even submit your application for mortgage assistance. Studies suggest that homeowners who work with housing counseling experts are more likely to have their mortgages modified, enjoy long-term homeownership success, and avoid foreclosure. Best of all, they work in your best interest and at no cost to you. Call 888-995-HOPE (4673) for help 24/7 and in more than 170 different languages; or visit HUD.gov to find a housing counseling agency near you.

STEP 4:
SUBMIT YOUR REQUEST FOR MORTGAGE ASSISTANCE.

In order for your mortgage company to determine whether you qualify for HAMP, you must supply the financial information you've gathered as part of a complete Initial Package of application materials:

- Request for Mortgage Assistance (RMA) Form
- IRS Form 4506T or 4506T-EZ; or your most recent tax return
- Income verification

STEP 5:
BE PERSISTENT.

Stay in touch with your mortgage company throughout the process. Call for updates and respond to their requests. Remain focused and be persistent about getting to a resolution. Keep in mind that HAMP is just one of the tools your mortgage company has in its toolbox. If you apply but don't qualify for HAMP, your mortgage company should explain to you in writing the reason and give some alternatives. Ask what other solutions might suit your particular situation and be sure you know whom to contact for answers.
